Source of Non-Federal Cost Share for GLLA Remediation Projects

States and local govt.	Industries	Natural Resources Damage Settlement
\$98 M	\$74 M	\$60 M

What is the incentive for industry to participate in GLLA?

- GLLA Funding for “unassigned” contamination
- Reduced potential for future liability
- Cooperative, Collaborative Approach
- Speed
- Project can proceed in phases
- Good PR in community by doing voluntary clean-up

Why is industry still hesitating?

- No releases from liability
- Comfort Level

GLLA Accomplishments to date :

- 22 Clean-Ups Complete or Agreements Signed
- Over 4 million cubic yards remediated
- Total cost: \$579 Million
- \$347 Million GLLA
- **Leveraged \$232 Million non-federal match (cash and in-kind)**
- 11 years of successful implementation under GLLA

Cost-sharing approach has been very successful in implementing sediment remediation projects in Great Lakes AOCs
